

Experts in aesthetic devices for over a decade,
manufacturing **cannulas that craft confidence.**

**Made in
Britain**

Silkann cannulas are manufactured to the highest of standards

Silkann ultra-thin cannula walls increase the inner diameter of the cannula

Ultra-thin cannula walls

Standard cannula walls

Silkann oval porthole shape has a larger area than a round port for better flow

Silkann cannulas feature a polycarbonate hub with a screw thread

Indicator on the hub to show the port orientation

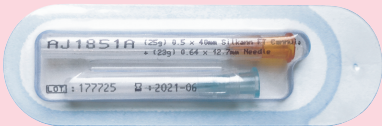

High quality packaging

Manufactured in the UK by Sterimedix

All Silkann products are conveniently packed in a blister containing both the cannula and pre-hole needle

Dermal filler, autologous fat transfer cannulas and sharp needles

22 gauge cannula + 21 gauge pre-hole needle

Straight dermal cannula with fine thread, closed end and single side port + 21G pre-hole needle

AJ1831A | 22G TW x 70mm | Box: 25

AJ1832A | 22G TW x 60mm | Box: 25

AJ1833A | 22G TW x 50mm | Box: 25

23 gauge cannula + 21 gauge pre-hole needle

Straight dermal cannula with fine thread, closed end and single side port + 21G pre-hole needle

AJ1840A | 23G UTW x 70mm | Box: 25

AJ1842A | 23G UTW x 50mm | Box: 25

25 gauge cannula + 23 gauge pre-hole needle

Straight dermal cannula with fine thread, closed end and single side port + 23G pre-hole needle

AJ1850A | 25G UTW x 50mm | Box: 25

AJ1851A | 25G UTW x 40mm | Box: 40

27 gauge cannula + 25 gauge pre-hole needle

Straight dermal cannula with fine thread, closed end and single side port + 25G pre-hole needle

AJ1861A | 27G UTW x 40mm | Box: 40

GTI Cannula®

GTI Cannula® (Amar) + 23G pre-hole needle

AJ1852A | 25G UTW x 40mm | Box: 10

Turn to back page for more information about the GTI Cannula®

30 gauge cannula + 27 gauge pre-hole needle

Straight dermal cannula with fine thread, closed end and single side port + 27G pre-hole needle

AJ1870A | 30G UTW x 30mm | Box: 40

18 gauge cannula

Straight dermal cannula with fine thread, closed end and single side port

AJ1701 | 18G UTW x 70mm | Box: 40

18 & 20 gauge autologous fat transfer cannulas

Straight dermal cannula with fine thread, closed end and single side port + 27G pre-hole needle

AE1702 | 18G UTW x 70mm | Box: 40

AE1711 | 20G UTW x 60mm | Box: 40

Sharp needles

M0286
27G TW x 12.7mm
Box: 100

M0288
29G TW x 12.7mm
Box: 100

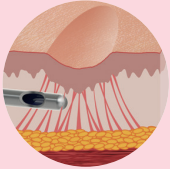

M0287
30G TW x 12.7mm
Box: 100

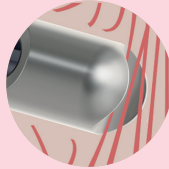

M0289A
30G TW x 4mm
Box: 100

The Silkann[®] GTI Cannula[®]

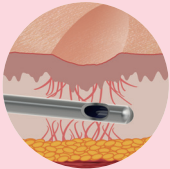

Our innovation for
small scars and surface defects

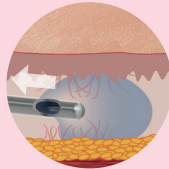

The Grooved Tipped
Injection cannula is
designed to move through
higher density & fibrotic
tissue in the face

Micro subcision of
fibrous strands

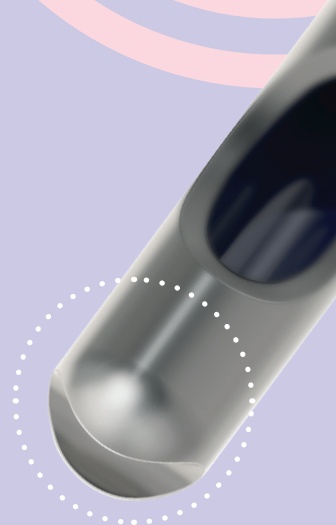

Fibrous strands are
released

Injection of dermal
filler to fill the void upon
cannula withdrawal

*Designed in conjunction with Dr Olivier Amar, an aesthetic
& reconstructive surgeon based in London, UK.*

About Silkann by Sterimedix

We launched the Silkann aesthetic range
in 2012, building on our rich history of
ophthalmic care to deliver reliable
aesthetic cannulas for a variety of
procedures, manufactured to the highest
of standards in the United Kingdom.
